A Seamless I-9 Experience from Start to Finish

With the pandemic restrictions, DHS granted some flexibility in the in-person verification of employees' Form I-9 identity and employment eligibility documentation by employers. However, these flexibilities will soon be sunset in July 2023. DHS has announced that all required physical inspection of identity and employment eligibility documents must be completed by Aug. 30, 2023.

Introducing Imagility I-9, an intuitive Form I-9 compliance solution that can be directly accessed online or through an integration with your existing HR or payroll system. Imagility I-9 helps to ensure actual compliance with current employment eligibility legal requirements and helps to streamline your entire I-9 process for both onsite and remote employees.

Top Features

 **Accessibility & Ease-of-Use** - Easy-to-use workflows and reporting, efficient tracking from anywhere, being cloud-based. For organizations operating across multiple locations, it's a great advantage.

 **Automated Workflows**- Automated workflows include easy employee onboarding, tracking expiration dates of I-9 forms with automatic notifications and enablement of **digital signatures** for I-9 forms.

 **Document Uploading** - Employers can upload scanned documents directly into their databases. This ensures that all necessary documentation is always readily available without any risk of paper documents being misplaced or lost.

 **Secure Storage** – Employers can store their documents securely under the **Public Access Files** menu. Folders with relevant documents for each beneficiary will be available for easy access.

 **Remote I-9 Agents** - Access a national network of I-9 agents or build your own network of agents who can be onboarded to the platform to verify I-9 documents (upcoming).

 **Mobile Friendly** – Imagility I-9 is mobile-friendly and responsive for use on virtually any device. Employers can track and manage I-9 forms on the go easily.

 **API Integrations** - API integrations play a crucial role in enabling seamless communication and data exchange between different software systems. Imagility does this through single sign-on (SSO) and upcoming integration with HR or Payroll systems.

 **Reports** - Employers can generate comprehensive reports that consolidate relevant data and present it in a structured format. These reports can include details such as employee verification statuses, document expiration dates, compliance metrics, and audit trail information.

Through automation, Imagility I-9 solution offers increased security and reduced risk for employers for efficient I-9 Compliance management.
