# Why Law Firms Choose Imagility Over Traditional Tools

**A Smarter, Faster, More Reliable** Immigration Platform

Imagility is not just another case management tool; it is a comprehensive immigration platform that replaces manual workflows with intelligent, automated solutions. Here's why more law firms are switching to Imagility.

▶ **Traditional Methods vs. Imagility:** A Quick Comparison

| Feature | Traditional Tools | Imagility Platform |
|---|---|---|
| Petition Building | ✖ Manual data entry across forms and documents | ✔ **Immigration Wizard** builds petitions via smart Q&A + OCR data sync |
| Document Handling | ✖ Manual data reference and entry from resumes, forms | ✔ **OCR-enabled Data Extraction** auto-populates forms in seconds |
| Bulk Petition Creation | ✖ One-by-one creation, prone to delays | ✔ **Automated Bulk Upload** with 3-step petition creation process |
| Form Management | ✖ Separate form completion, multiple platforms | ✔ **Petition vs. Forms** covers full lifecycle, reducing redundant work |

| Feature | Traditional Tools | Imagility Platform |
|---------|-------------------|--------------------|
| E-Filing Efficiency | ❌ Manual entry into government portals | ✅ **Automated LCA/Petition E-filing** into USCIS systems |
| Review & Quality Check | ❌ Manual review by paralegals/attorneys | ✅ **Petition Analysis** acts as a virtual adjudicator for accuracy |
| Case Tracking | ❌ Email trails and spreadsheets | ✅ **End-to-End Lifecycle** view lottery to stamping to status tracking |

## ▶ Key Benefits for Law Firms

**60% Faster Petition Preparation**
Thanks to bulk upload, form automation, and AI checks

**Scalable for Any Firm Size**
Imagility grows with solo attorneys or large firms.

**40% Cost Savings**
By reducing manual effort, rework, and software sprawl.

**Boost Petition Success Rates**
With built-in Petition Analysis and risk checks before filing.

**Save 6–8 Hours Per Petition**
Thanks to automation, OCR, and guided building tools.

**Deliver a Modern Client Experience**
Mobile apps and dashboards keep clients informed.

**Eliminate Redundancy and Rework**
One-time data entry powers end-to-end lifecycle tracking.
