

How is Imagility Different?

Transforming your Immigration Practice through Technology

At Imagility, we take pride in offering a unique and comprehensive immigration platform tailored to meet the distinctive needs of immigration professionals and attorneys. Here's how Imagility stands out:

Crafting Petitions with Precision

- ⬡ We provide a tool that doesn't just assist but guides you in creating complete petitions. Imagility turns petition-building into an easy and strategic process, ensuring accuracy. It is not just a forms builder, it supports the entire petition lifecycle that includes a detailed support letter, legal arguments, supporting documents and a detailed cover letter, all pulled together in a single PDF.

Seamless Simplicity

- ⬡ In the world of legal intricacies, simplicity becomes a rare gem. Imagility creates an environment where complicated processes become easy, offering a smooth and user-friendly experience, with interactive dashboards, color-coded timelines, and seamless workflows that guide the user.

Algorithmic Petition Analysis

- ⬡ Beyond just tracking cases, Imagility uses smart algorithms, including AI technology, to evaluate petitions against nine criteria. It's not just tracking; it's intelligent analysis optimizing petition success rates.

Collaboration Unleashed

- Imagine a platform that doesn't just facilitate collaboration but champions it. Imagility creates a space where all stakeholders seamlessly unite, fostering communication and collective success. Attorneys, petitioners, and beneficiaries can collaboratively work to improve visa outcomes.

Tech Evolution

- Adaptability is Imagility's forte. Our tech platform accommodates new features rapidly with powerful tools like the visa designer. Our flexible platform enables addition of new features and functionalities swiftly, about 4-5 each month.

Rich Tech Features

- Imagility is more than a platform; it's an ecosystem of rich AI-enabled tech features and functionalities. We bring innovation that meets practical needs, offering a range of tools to enhance your practice. (Document checklist, access control features, templated petition workflows, visa bulletin, editable PDF, among others)

Holistic Immigration Case and Practice Management

- Imagility is not just a case tracker; it's a practice manager. It's where the case is not just recorded but managed comprehensively—client communication, case tracking, billing/invoicing, lead generation and other case/practice management features.

RFE Response Made Easy

- Responding to Requests for Evidence (RFEs) becomes an art with Imagility's specialized RFE response builder. It's not just a tool; it's your shield against inquiries, ensuring an accurate and detailed response with necessary documentation.

Seamless Integration

- Imagility seamlessly integrates with third-party tools, creating a cohesive and efficient environment. It's not just a platform; it's the hub where your tools work in harmony. (integration with government portals like FLAG, payment gateways like AffiniPay)

Imagility is not just a legal tech solution; it's a transformational journey. It's where innovation meets strategy, complexity meets simplicity, and your practice meets unprecedented success. Welcome to the future of immigration practice—welcome to Imagility.
